This apartment has it all - amenities, price, location, quality.....

Marble floors in the kitchen and bathroom, timber floors in the rest of the house. The apartment is on the fourth floor and there are two lifts, but actually counting from the road level, it is on the sixth floor giving great views. The apartment has 100 square metres, therefore you can imagine how spacious each single division of the house is, with large lounge & dining room, big bedrooms, spacious kitchen and good sized bathroom. The balcony runs almost the entire length of the apartment. Throughout the whole day the apartment is light and bright. An advantage also for our guests is that the owner lives in the same building should any help be required. There is a parking space allocated in the garage for your hire car should you need it, which means you avoid having to search for spaces outside. The apartment has wireless internet, cable TV, telephone connection.
